

I have had the privilege of knowing and working professionally with Eilon over the past six years. Eilon has been a member of the Twin Cities Jewish Community Alzheimer's Task Force of which I have had the privilege to be a co-chair. Eilon brings so much knowledge, commitment and passion to the work of the Task Force.

I have also had the fortune to attend educational sessions in which Eilon has been the presenter. The depth of knowledge he possesses regarding dementia and the behavioral expressions that accompany dementia is unparalleled in my experience. His knowledge base is surpassed only by the level of respect and dignity he demands be given to individuals experiencing a form of dementia. He has been a constant force for lifting their voices in every possible situation or conversation. We are very fortunate to have Eilon in the Twin Cities area as a "go-to" expert in the area of dementia.
